Product Code: 8076 - Table 1 - Table 2 - Table 3 Table 4

Table 1 Connectors

11	3mm Jaco®

Table 2 Micron Ratings

0005	5µm
0010	10µm
0020	20µm
0050	50µm

Table 3 Material

B	Mesh ST/ST
C	Metal Fibre
D	Polymeric

Table 4 Housings

22	White
23	Black

Typical Applications

- Inkjet

Specifications

Filter Code

8076-11

Materials of Manufacture

Filter media:	PP and stainless steel mesh and Metal fibre
Housing material:	Acetal
Housing Colour:	Black, white

Micron Rating

5-50µm

Dimensions

Filter length:	45mm
Filter width:	34mm

Filter Area

12.5cm^2

Maximum Operating Pressure

6bar (87psi)

Operating Temperature

From 0°C to 50°C (32°F to 122°F)

PFG834/Rev1:Nov26
