

Microdisc™ 2PA

25mm S-Vent Disc Filters

Air filters with a hydrophobic filter membrane act as a barrier to all contaminants.

Ordering Information

Product Code: 8164

Typical Applications

- Inkjet

Specifications

Filter Code

8164

Materials of Manufacture

Filter media: PTFE
Housing material: Polypropylene

Micron Rating

0.2µm

Dimensions

Disc diameter: 25mm (0.98")
Disc width: 19mm (0.74")

Connectors

Female luer / male syringe

Maximum Operating Pressure

5bar (72.5psi)

Operating Temperature

From 0°C to 50°C (32°F to 122°F)

PF825 / June 22
